Dear Mr Taylor

Notification of Intended Works to Trees within a Conservation Area

Location: 55 B Main Street Wilsford

Conservation Area: Wilsford.

I refer to your Section 211 Notification Form 'Notice of intended works to trees in Conservation Areas' received on 23/10/2013 and the subsequent site visit. The works intended are summarised below:-

Description of Works: Fell walnut x1

In relation to the Section 211 Notice, it has been decided that the Council will not be making a Tree Preservation Order. Consequently you may proceed with the works notified. The work must be completed within 2 years from the date this notice.

If a tree in a Conservation Area is removed because it is dead or dangerous under the provisions of the Town & Country Planning Act, the Land owner is under a duty to plant another tree of an appropriate size & species at the same place as soon as he/she reasonably can.

Please complete and return the enclosed tree replacement form when planting has taken place.

I trust this is satisfactory. If you have any queries, please do not hesitate to contact me.

Yours sincerely

Graham Wilson
Tree Officer

cc. Your local Parish Council/Town Council
